Skills

Overview

Languages

Russian, native

English (C1)

Education

2021	**Postgraduate Diploma, Data Scientist**
	SBER UNIVERSITY	(Moscow)
	DIPLOMA PROJECT: Emotion Detection App

2018-2020	**Master's Dergee: Banks and Financial Markets**
	HSE	(Moscow | MINORS: Data mining, Neural Networks, Software Engineering)

2014-2018	**Bachelor's Dergee, Business-Informatics**
	UNN (Lobachevsky State University of Nizhny Novgorod)	(N. Novgorod)	Department of Mechanics and Mathematics

Programming Tech Stack

Data Scientist: Python • R • Tensorflow • Keras • Sklearn • Pandas • SQL

Data Engineer: FastAPI • SQLAlchemy • Postgres • Docker • Heroku • OpenCV

Data Analyst: Seaborn • Matplotlib • Plotly • NumPy • SciPy • Dask

Also familiar with: PySpark, Scala, YandexCloud, S3, EvalML, AirFlow, Flask, AIOgram

Experience

Apr 2021 - Now	**Lead Data Scientist	Algorithmics (E-PROMO GROUP)**
	• Team-Leadership of 3 Analytics and 2 DS on couple projects
	• Worked as a project manager in addition to my main role (DS)
	• Software development for Neuro-Interface devices. Development of anomaly cleaning alghorithms and ML models for tremendous number of scenarios. Working with EEG data
	• ML models development for biggest retail of Russia and Kazachstan

Mar 2020 - Aug 2021	**Data Analyst	SBER**
	• Processing and analyzing Banking Data
	• Delivering aggregated insights about employees
	• Developing models to decrease employee churn

Earlier	**Additional Activities and Achivements**
	• Megafon Python Developer Competition Winner + Certificates https://github.com/boramorka/usercontent/tree/main/certificates
	• Worked as a Lifeguard in USA

Projects

2022 -	**API development (FastAPI)** github.com/boramorka/API_dev
	• Social network API with authentication and votes

2022 -	**Telegram bot** github.com/boramorka/text-extraction-app
	• Like Adobe Reader, but in your pocket.

2021 -	**Emotion Detection** github.com/boramorka/Emotion_detection_v1
